

Practice Support Consultation

Dementia Care Aware understands that practice change is difficult to do without support. For organizations interested in hands-on guidance and connections to resources to make meaningful improvements in their everyday practice, Dementia Care Aware has partnered with UCLA Health and the Alzheimer's Association's consultation and quality improvement team.

UCLA HEALTH Consultation For Implementing A Dementia Care Program

Talk to an expert from the UCLA team to identify the best comprehensive dementia care program for your organization based on your individual goals, needs, and resources. A wide range of options are available such as the Benjamin Rose Institute Care Consultation, Care Ecosystem, Maximizing Independence (MIND) at home, Healthy Aging Brain Center, Integrated Memory Care, and the UCLA Alzheimer's and Dementia Care program.

ALZHEIMER'S ASSOCIATION Consultation And Quality Improvement Services

Transform your dementia care practice from assessment and diagnosis to care planning and follow-up by uncovering barriers, and by getting the tools and resources you need. This service works to identify key areas for process and quality improvement and develops customized solutions to help improve your dementia care management.
